Primary Seeders

PSN20 Series

Features	Benefits
Cat. 2 & 3, Cat. 2 Quick-Hitch adaptable	Cat. 2 & 3 offers a wide variety of tractors, Cat. 2 Quick-Hitch allows for easy connecting and disconnecting.
Seeding width	8’ 6” Seeding width is just right for small acreage, roadside native grass work, and small turf farms.
Native Grass model	Native Grass model allows the user who works primarily with native grasses to use the main box for native grass seed.
Seedbox construction	All-welded seedbox construction prevents twisting from uneven ground, offers years of service.
Water tight lids	All boxes have precision fitting lids to keep seeds dry and rodents out.
Native grass main box	1 Bushel per foot (8 1/2 bushel) capacity keeps filling to a minimum, Increases productivity.
Native grass seed cup	Large aluminum seed cup with aggressive picker wheel is used on Native Grass main box.
Native grass agitator	Native Grass main box uses an aggressive paddle style agitator to keep the fluffy native grass from bridging.
Cast iron packer wheels	12” diameter front rings and 9” diameter rear rings are used to crush the clods and pack the seed in to promote seed to soil contact.
Spring mounted rear packers	Rear packer wheels are spring loaded for additional down pressure, and to stay in contact with the ground.
Adjustable track removers	Spring tine track removers effectively scratch out the tracks from the tractor tires.
#40 Roller chain	All drives utilize #40 roller chain for smooth running.
4-Speed transmission	Easy and fast speed change, saves time from removing chains.

Optional Features (PSN20 Primary Seeder)

Features	Benefits
Standard seeds box	A .6 bushel per foot standard seed box can be bolted to the front of the main box for seeding turf grass seeds. • Seed cups are powder metal flutes for accurate seed rates. • Seed agitator is paddle style to keep seeds from bridging.
Small seeds box	A bolt-on Small Seeds Box can be added to the rear of the main box to mix small seeds in with other types, allowing them to be seeded at rates that compliment each other.
Pull type hitch	Allows for easier hook-up to tractor, adaptable to smaller tractors.
